PROFESSIONAL SUMMARY

Motivated and detail-oriented Web Developer with a Bachelor of Computer Applications (BCA) and hands-on experience building responsive web applications using HTML, CSS, JavaScript, Bootstrap, and Git. Passionate about creating user-friendly websites and continuously improving development skills through personal projects and practical learning. Seeking an opportunity to contribute to a dynamic development team while growing as a software professional.

EXPERIENCE

- Developed responsive and user-friendly web applications using HTML, CSS, JavaScript, Bootstrap, and the MERN stack.
- Built projects including a To-Do List App, Student Registration System, Calculator, Random Quote Generator, and a personal portfolio website.
- Implemented DOM manipulation, form validation, asynchronous JavaScript, and API integration to create interactive web applications.
- Used Git and GitHub for version control, project management, and maintaining clean, organized code.
- Focused on writing reusable, responsive, and maintainable code while following web development best practices.

EDUCATION

Full Stack Web Development
Entri Software Private Limited
Bachelor of Computer Application (BCA)
Mahatma Gandhi University

2026

2020 - 2023

PROJECT 1 Random Quote Generator | HTML, CSS, JavaScript

- Developed a responsive Random Quote Generator using HTML, CSS, and JavaScript.
- Integrated a REST API to fetch and display random quotes dynamically.
- Implemented asynchronous JavaScript using Fetch API with proper loading and error handling.

PROJECT 2 Student Registration System | HTML, CSS, JavaScript

- Developed a responsive student registration web application using HTML, CSS, and JavaScript.
- Implemented comprehensive client-side form validation for name, email, phone number, age, password, gender, and course selection.
- Added password confirmation and Show/Hide Password functionality to improve user experience.
